My job is to make sure everyone feels happy and comfortable at school. I will be in your classroom, by the door in the morning, in my office with me in the playground, or during assemblies. If you need to talk with me, note, let the office know, or talk to your parent/guardian or teacher.

When you visit my office, everything you say is kept private. This means what we talk about, including your teacher, the principal, or your parents. The only time it is not kept private is if you tell me someone is hurting you or yourself, you want to hurt someone else, or you give me permission.
